

THE RIDE

9.23.2018

The Ride is a cycling fundraiser benefiting UW-Madison cancer research and features 5 routes for any skill and age level.

The Ride gives **100%** of all funds raised directly to cancer researchers and treatment programs. In two years, we've raised a half million dollars and given 20 scholarships to UW staff and students.

Our mission is to make UW-Madison the innovator in cancer research and to write the story that ends cancer.
